July 2021

Sara Cook's tutorial, on the 3<sup>rd</sup> July, began with examples of Korean Wrapping Cloths. We then followed and enjoyed her demonstrations of how to create a Light Catcher using traditional Korean techniques. Stitching Korean Style hems, similar to French hems, to hide the raw edges. If you look carefully you can see three small bats which

are very auspicious and traditional in Korean wrapping cloths.

**August 7<sup>th</sup> Garden Party 2 to 4p.m.** Come and join us stitching, chatting, and eating delicious cake!

We are all looking forward to the August Garden Party in Dianne's lovely garden. The very enjoyable event is organised and much looked forward to. Dianne has organised her usual amazing stitch activities. The meeting will go ahead whatever the weather but we hope for our usual sunny day. If it is raining Dianne is happy for us to occupy different rooms and they will be well ventilated. Plus masks will be worn if we are inside.

Please bring embroidery needles, scissors and the usual requirements. A 'Stitch Kit' thread and pattern will be provided.

Please let me know ASAP if you wish to attend, it will be amazing to see new and existing members again. We do need to know numbers though, so please email a quick reply to [begwebmaster@btinternet.com](mailto:begwebmaster@btinternet.com) if you are attending and to reserve your place.

There are a few places left in committee members cars if you need a lift from Brighton to Hurstpierpoint. If you are unsure of the address please email me and I will send it to you, plus travel instructions.

## Dates for your Diary.

### **September 4<sup>th</sup> Brighton Embroidery Group**

We hope to restart meetings at Patcham in September but may need a mixture of Zoom and meetings at Patcham C.C. At the present time it is impossible to confirm, we might need to restrict numbers at Patcham just to be sure that members feel safe. Masks will be need to be worn by members to the August Garden Party and at other meetings. We will let you know before September. A full day meeting with Anne Sillifant is planned. A short talk and workshop will be inspired by nature and result in a design taken from nature, using soluble and sheer fabrics and used to cover a glass vase.

---
