March 2023

Thank you Pauline for organising the canvas work workshop, and for spending time cutting and taping pieces of canvas for everyone. Your examples and books were inspirational. Everyone enjoyed the session creating their own bags, spectacle cases, or stitching examples of the many canvas work stitches.

April 1st 2023, 2 to 4pm. "Wonderful Weaving" with Jennifer Hughes.

Jennifer Hughes lived in Thailand for many years and has an extensive collection of textiles from the region. She now lectures on South-east Asian Textiles.

In this workshop and talk members will use a cardboard frame to create a small woven book mark. Jennifer is bringing packs of 2 large needles (size 13) from John James (i.e.good quality) and will sell them to us at cost (just over a £)

Jennifer has cut card for us to work on and will bring some yarns for people to use, but if members would like they can also bring their own, silk, linen, cotton, or wool, but a fine strong yarn for the warp. She has used 20/2 silk on her samples.

There will be a raffle during this workshop, it includes a Royal of School of Needlework book and other items.

A request via the website. Please contact Emma direct.

Hi there,
I'm in Brighton and I need an embroidery pro to stitch some luxury silk scarves onto a mounted fabric board.
I have quite a few to get through! I can offer payment for the job of course.

We would need to sew the scarf on the board very tightly and neatly with invisible style thread into the

rolled hem. Would anyone in your group be interested and qualified to help? 07793549030
Best, Emma. emma_barclay@outlook.com

Dates for your Diary.
